

Let Us Introduce Ourselves

Sharon & Duane Wurst

We met while doing art shows back in the 1980's. Together we logged in many hours behind the paint brush and in our art show booth greeting customers. Our experience taught us the importance of knowing which shows were good and which shows we should avoid. Sometimes this was simply by trial and error, other times we depended on the advice of our fellow artists. What we have learned is that one man's bad art show is often another crafters good show.

Each show we attended had exhibitors who were doing either well or not so well. We are publishing the Michigan Art & Craft Show Directory so that you, the Artists and Crafters can have the most up to date, error free listings of shows and festivals in Michigan and the Midwest. By using our web sites data, collected over the past 11 years, and by calling and e-mailing hundreds of promoters we have created an Art & Craft show directory that we can be proud of.

The Michigan Art & Craft Show Directory is a publication that can help you find that perfect show to sell your artwork. Knowing where and when the shows are is half the battle. We are pleased to offer this great tool to help you increase your sales at some of Michigan's best shows.
